## RAIN CANNOT DAMPEN ARDOR OF MAYOR LANE

Arrangements for Grand Open Air Ball Being Forwarded Regardless of Weather

Despite lowering clouds and Kona storms Mayor Lane is going ahead enthusiastically with his plans for the grand open air ball which is to be held on New Year's Eve in the street between the Alexander Young hotel and Bishop park.

"It is not likely that the rain will continue until the first of the year," said the mayor in fine humor this morning, "and if it does there will be plenty of time to worry about it then."

Arrangements have been completed for the Hawaiian tableau which is to begin shortly before midnight and last for a little while after 12 o'clock, thus uniting the old and the new year. The entire tableau, which will take perhaps 20 minutes, is being planned by Mrs. Rosalie Blaisdell and Mrs. Manuel Reis.

"No special places will be reserved for the tableau," says the mayor. "People will have to take their chances at getting to vantage points from which to see it."

Peter Kalani's Hawaiian band will furnish music for the dancers throughout the evening, the leader having chosen an especially good program for the event. No special invitations have been prepared by the mayor as he desires to make the dance just as democratic and informal as possible.

## HENRY ST. GOAR SEES NO SIGNS OF PRICE SLUMP

(Continued from page one)

in recently. One rumor was to the effect that the American Sugar Refining Company wanted the property.

Whatever may have stimulated the buying, control of the stock rests—and has rested for many years—with Edward Pollitz & Co., and Henry St. Goar is authority for the statement that he has not sold a share and will not at anything like present market levels.

Activity in the stock was also accounted for by the report that the Keith estate had 10,000 shares, but St. Goar asserts positively that the estate has not a share.

"The buying might very reasonably be accounted for," says the Chronicle, "by the showing of the property. The company made the largest net profit per ton in 1915 of any plantation in the islands and will close the year with sufficient cash on hand to pay dividends during 1916 at the rate of 30 cents a month, provided there is no net revenue next year. At 24 the stock yields 15 per cent, which is excuse enough for buying."

It was reported recently on good authority that Honolulu Plantation Company would go on a 40-cent monthly basis next year. There has been some discussion of this company cutting a melon, but it is believed that the plan has been abandoned in favor of an increase in the regular monthly rate. Honolulu Plantation will close the year with a cash surplus of more than \$700,000, and it follows that some additional disbursements are in line.

## CHAMBER HOPES TO GET FEDERAL AID ON SCHOOLS

"We have strong hopes of getting action to secure aid for Hawaii under the terms of the Hoke Smith vocational training bill," said Secretary R. C. Brown of the Chamber of Commerce this morning.

"This bill was introduced in the last session of Congress but got little attention. This time it should make more progress. It provides federal funds for vocational training in the States, beginning with an allotment of \$500,000 and increasing gradually until by 1924 the fund will reach \$3,000,000. The fund is apportioned on the basis of the proportion of rural population in each state to the total rural population in the United States. As the bill stands, the territories and possessions will not secure any of the funds, but the chamber will work to secure an amendment so that the territories may participate in the benefits of the vocational training to be developed."

### MORNING ON 'CHANGE

Olas at \$9.25 and Honolulu Brewing & Malting at \$19.25 led this morning's session of the exchange in point of volume of trading, 200 shares of the latter and 230 shares of the former having changed hands. The price of Olas marks a decline of 14, but Hawaiian Commercial is up 25 cents a share. Walala is down half a point, and the only other change is in San Carlos, which has been traded in to the extent of 270 shares at \$9, and closed with that figure bid, and no offerings in sight at any price. The last sale was at \$8, the advance being accounted for by the 50 per cent stock dividend advocated by the secretary, A. D. Cooper, who reports net earnings for 1915 of more than \$57,000, which would amply provide an 8 or 9 per cent dividend if the increase of capital stock to \$800,000 is voted.

## ARCHITECT HERE TO ARRANGE FOR MORMON TEMPLE

Hiram Pope of Salt Lake City Thinks Will Complete Structure at Laie in a Year

That the proposed Mormon temple for Laie, this island, will be completed within a year is the belief of Hiram Pope, an architect of Salt Lake City, Utah, who arrived in Honolulu recently to look over the ground and plan the new structure.

Mr. Pope came to Honolulu with President S. E. Woolley of the local Mormon church, and already has paid a visit to Laie. In an interview today he said that the temple will be a comparatively small one—just large enough to fit the needs of the Latter Day Saints on Oahu. Work on the new structure will begin just as soon as the necessary machinery and building material can be gotten to the site. Mr. Pope will remain in the islands about five months.

Upon the completion of the temple some prominent church official from Salt Lake City probably will come here to dedicate the new structure, it was stated today. The building will have the distinction of being the second Mormon temple to be erected outside of mainland United States. The first outside temple now is being constructed in Canada.

## KALIHU INMATES SEE ST. NICK ON FIRST VISIT

Old St. Nicholas really made his first visit to Kalihui Hospital, meeting the inmates of the home all assembled in their brand new assembly hall Friday evening last. It was a unique occasion. The hall had been beautifully decorated. Christmas motes adorned the walls. A fine tree tastefully trimmed and generously laden occupied one corner of the large room. Besides the 55 inmates of the hospital there were present as guests Supt. John D. McVeigh, Drs. John Pratt, Harry Hollman and John W. Wadman. The following program was well executed by all those who took part:

Instrumental.  
Chorus—Joy to the World.  
Prayer—Dr. J. W. Wadman.  
Children's Greeting.  
The Shepherds—Sotry.  
Song—Shining.  
The Three Kings—Story.  
Chorus—The First Christmas Gifts.  
Hawaiian Recitation—Kanka Holi.  
Hawaiian Chorus.  
Dr. J. W. Wadman—Address.  
Chorus—Holy Night, Humming Ob-ligato.  
Instrumental—Santa Claus Heard Coming.  
Christmas Tree.

At the conclusion of the interesting exercises, Santa appeared with a pack on his back and was cordially greeted by all present as he distributed his kind gifts among young and old.

The beautiful cabinet organ which was such a helpful adjunct to the success of the occasion is a gift to the hospital by Mrs. Harry A. Baldwin of Maui, while a few others also contributed generously to the making of the assembly hall a real place of comfort for the inmates. A Sunday school has been recently organized and a regular Sunday service held for all who wish to attend.

Investigations by the geological survey of the erosion of numerous drainage basins of the United States show that the surface of the country is being worn away at a rate of about an inch in 760 years.

JUDGE ASHFORD CUSSED  
DRIVER ACQUITTED IN  
POLICE COURT TODAY

Judge C. W. Ashford and his son Hiram K. Ashford were the principal witnesses last week against L. Dernstein, charged in the police court with needless driving. Judge Ashford said Dernstein, who was driving a lumber truck, turned the corner of Victoria and Young streets so near the left corner that the Judge had to stop his machine to let him pass. Dernstein denied this, as did K. Hong, who was with him on the truck. "Did you say anything to Dernstein at the time?" asked Attorney Chillingworth. "Yes, I did," answered Judge Ashford. "I came back and cursed him."

Dernstein was acquitted. He was represented by Attorney Ray J. O'Brien.
